Print a Copy of a Check

Printing a digital image of a check can help you keep track of your finances as well as provide verification when needed. We've made it easy to view and save images of posted checks you've written. Here's how:

Access a check image by logging into your account, scrolling to the transaction, and clicking on the check number. For example:
Log in, select checking or savings account, scroll to desired "share draft clearing" transaction, click on underlined check number in blue, image of check will pop up.
